CHICAGO PRODUCE MARKETS.

CHICAGO, August 12 .- [Special Telegram to THE BEE. !- Wheat opened firm and considerably higher on the government report. with sales of December at 77 %@77%c, and of August and September around 75% @75%c. The condition of the wheat crop is probably no worse than it was, say Saturday, but the effect of the official report on crops on the rank and file of operators was to tone down the bearish exuberance of expression and reduce somewhat their expectations of unheard-of plenty. The market evinced a sturdy disinclination to go lower, though Partridge and other heavy and middleweights did some slugging at the start. December did yield to 77%c, but advanced about 12 o'clock to 78%c and neid steady at only occasional little breaks to the last. at only occasional little breaks to the last. At 78e Hutchinson had wheat for sale and his offerings prevented the market from going above that figure to-day. Partridge checked the early bulge and Hutchinson obecked the later one. The last quotation for December was 77%c, or %c better than on Saturday. September ranged at 75% @70% c and closed at 76c, a net gain of %c. August ranged at 75%@76%c and closed at 76c, a passably active speculative business was done and a light cash trade.

The government showing of an increase of 4% points in the condition of corn caused that market to open very weak. Offerings at the start were heavier than wanted and first sales were at 16@4c under the closing

first sales were at ½@¼c under the closing figures of Saturday, September starting at 34½c and selling off more in a short time. Some reaction then took place, September advancing to 35c and later to 35%c, holding around those figures during the greater part of the term. The demand for cash corn was good, but at a reduction of about \$40 on Saturday's prices. September closed at \$50, against \$5@35%c on Saturday, and May was 1-10c lower. Oats were fairly active early and easy in

tone, with fair buying at inside prices. When the visible supply was published, indicating but 265,000 bushels increase for the week, when a much larger increase had been an-ticipated, the market ruled firmer. This was also helped by decreased estimates for to-morrow. August sold early as low as 1154c, and later to 194@20c, with September at 4c premium and May in moderate request. No. 2 outs, to go to store, sold at 194c.

Provision traders were treated to a sur-

prise this morning in the receipt of hogs. The number marketed at western points was twice as large as a year ago to-day, and as the prospect was said to be promising for large arrivals during the week, a depressed feeling assumed control. In the entire product the market opening was weak, and first sales reported were made at a decline from Saturday's closing of 736c in pork and 5c in both lard and short ribs. Later trade suffered a still and short ribs. Later trade suffered a still further break, but the movement during a good portion of the day showed considerable irregularity, being affected by the covering of shorts. Of lard S. V. White & Co. were again free buyers, sufficiently so to cause some uneasiness. It is claimed that purchases of this house lately of the article named have aggregated at least 100,000 tierces. Their holdings are also mainly for Their holdings are also mainly for September. Cudahy was the largest individual seller of January property. In pork the day's fluctuations covered a range of 20c, in lard 7%c and in short ribs 5@7%c.

CHICAGO LIVE STOCK.

CHICAGO, August 12 .- | Special Telegram to THE BEE. |-CATTLE.-There was a demand for all the good to choice native export and shipping steers, and they sold fully as high as at the close of last week Medium grassy and common natives, that is, anything in the native line that had to compete with Texans and rangers, sold about 10c lower than on Saturday. One lot of prime natives, the John D. Gillette brand and breeding, made \$4.70—a big price considering that there were 13,000 natives on sale. Anything desirable in the Texas line also sold steady, but below desirable grades sold about 10c lower. The most of the rapgers on sale were of poor quality, and went off at low prices. Native butchers' stock was slow and somewhat butchers' stock was slow and somewhat lower than on Friday. Choice to extra beeves, \$4.50@4.70; medium to good steers, 1350 to 1500 lbs, \$4.00@4.55; 1200 to 1550 lbs, \$3.85@4.35; 950 to 1200 lbs. \$3.50:@4.25; stockers and feeders, \$2.20@ 3.10; cows, bulls and mixed, \$1.25@2 90; bulk \$2.10@2.40; slop-fed steers, \$4.00@4.60. Texas cattle were firm; steers, \$2.40@3.20; cows, \$1.65@2.30; western natives and half-breeds. \$3.30@4.10; cows, \$2.25@2.75.

Hous-The run was too heavy, hence there was a quick down turn of 10@15e on packers and heavy and about 10c on light. When the buyers and sellers settled down to business and got to work, salesmen cut loose at \$3.90@4.00 for common packers, \$4.10@4.15 for best, and \$4.20@4.25 for fancy heavy were the ruling prices at the close. The general market was weak, with 8,000 to 10,000 unsold. Light sorts sold largely at \$4.00@4.75 and a few single at \$4.80. Light mixed made \$4.40@4.45.

FINANCIAL.

New York, August 12 .- | Special Telegram to THE BEE.]-STOCKS-The close of last week left stock circles somewhat stirred up. but left neither the bull or bear party with any decided advantage. Outsiders regard the buying side more favorably because the bulls do not seem inclined to sell at present figures, no matter what the raid may be while the bears are without any positive leaders or organization. At the same time there is somewhat of a short interest. The money market does not threaten to affect dealings much, and the public seems inclined to let the professionals do the business at present. Such were the conditions at the opening of the exchange this morning. In a few minutes all were changed. London was a buyer of nearly everything on the list. There was an enormous business for foreign account. Prices were almost uniformly 14 per cent higher, while a few gains extended full point or better. There was a brisk business in specialties. Gould and Vanderbilt were both credited with being under the market. Commission people had buying orders, while a few professionals were selling. Big Four and Chesapsake & Ohio shares were active, but showed weakness Louisville, Lake Shore, Atchison, Burlington, Rock Island, Missouri Pacific and Wabash preferred showed activity and strength. Burlington went within 16 of 105, and Rock Island within 1/2 per cent of par. Sugar trusts weakened from 110 to 106%. The other trusts were dull. The strength in stocks continued until near the close, when much of the early advance was lost through free realizing sales. Big Four and Chesapeake & Ohio shares were weak all day, and at the close showed losses of 11/4 per cent. Louisville, after touching 69%, closed 1% per cent better at 69%. Atchison, Burlington and St. Paul had not gains of 🙀 per cent each, Northwestern 14. Missouri Pacific 14. Wa-bash preferred 134 per cent at 33 kc, after selling at 33%. Sugar trusts rallied to The total sales were 199,250 shares. The following were the closing quotations:

been no trading to speak of. There were 87 cars of cattle reported in the yards, and of cars of cattle reported in the yards, and of that number over 60 cars were westerns. Among the natives there were a few good medium weight cattle, but not a load of prime heavy weights. The few natives here sold at \$3.60 (24.20). Although the westerns were not good enough for the dressed beef operators, they were compelled to buy quite a good many on account of the scarcity of natives. The prices paid ranged from \$2.35 to \$3.10. Considerable butchers' stock was disposed of, native cows selling at \$1.70(22.50). the market as a whole there was no change

Hogs.

To-day's hog market opened steady, and nearly one-half of the hogs sold on that basis. As the reports were received from eastern points indicating a heavy decline values took a tumble, and the close was full 10c lower. New York, August 12.—[Special Telegram to THE BEE. |- The arrival in this port within the last four days of three big English steamers has brought out the information that a fleet of some tifteen large vessels is on its way across the Atlantic to this port. Their coming is the result of hurried cable dispatches from English agents in this city giving accounts of the brisk state of trade between New York and West India ports. Within the last month there has been every indication that freights to the West India ports were about to enjoy a boom. This was the case for a few weeks during the mouth of May. But the boom which ap-pears to be near at hand promises to outdo anything of a like char-CELLING AND PARTITION—1st Com. 5 in. shippers who have been kept well informed

have been quietly getting in hand all the vessels possible, but these in every instrace have consisted of schooners and small siling vessels. If the matter could have been kept from the English agents long enough to kept from the English agents long enough to secure half a dozen steamship charters there was in prospect a rich run of business for more than one American house. The British vessels, by reason of their immense carrying capacity, can each accommodate as much freight as would require half a dozen schooners to handle. All the available British vessels in American ports have been ordered to proceed to New York.

Mr. John King, of Jackson, Miss., says that he was cured of rheumatism in his feet and legs by taking Swift's Specific. This was after he had tried many other remedies, both nternal and external, and paid many documents.

Eben Allen Indicted. New York, August 12.—The grand jury this afternoon presented to the court of gen-eral sessions two indictments against Eben S. Allen, ex-president of the Forty-second Street and Grand Street Ferry railroad company, charging him with forgery. Always keep a bottle of Cook's Im-

perial Champagne in your ice chest; nothing will entertain a tired caller better. Deed of a Drunken Man. PHILADELPHIA, August 12.-Mrs, Margaret Wallace died at the Pennsylvania hospital this morning from the effects of burns re-ceived by the explosion of a coal oil lamp thrown at her by her drunken husband last
